

## Strategic Project Buyer

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition. We are looking for a passionate **Strategic Project Buyer** at our location **Arnhem** who will contribute to this and that might be you?

### Your contribution to TenneT

- You will work in the Supply Chain Management Team in the area of Grid Field Operations Offshore.
- Your core tasks include purchasing activities in the area of operation and maintenance of offshore grid connection systems incl. execution of (Europe-wide) tendering procedures.
- You will be responsible for the independent control of complete ordering processes (including tendering, bid evaluation and the creation of SAP orders).
- You maintain your market knowledge and identify developments and trends both internally and externally;
- You conduct active stakeholder management; you have insight into the influence, wishes, motives and intentions of colleagues and suppliers of strategic importance to GFO-O and build and maintain relationships in such a way that the interests of the projects are served as well as possible;
- You proactively manage the contract together with the business; You ensure that agreements made are laid down in (framework) contracts and, together with all relevant colleagues, implement and maintain the agreements;

### Your profile and background

- You have a (HBO/University) degree preferably in economics or business administration or in a comparable field of study;
- Extensive, practical experience in all procurement activities (incl. EU Tender law);
- You work result and customer oriented, and analytically, you have the power of persuasion and form personal judgements;
- You show initiative, are open-minded with regard to new topics and enjoy working in a team;
- You have subject-matter expertise of procurement packages in the field of engineering, environmental management, contract forms and innovation;

### This will be our challenge

Supply Chain Management supports TenneT's activities by determining which goods and services are required to realize projects and maintenance work. We also structure and cover these needs. We serve TenneT's internal customers and ensures better cooperation with our

external suppliers.

TenneT is a leading European grid operator committed to a secure and reliable electricity supply - 24 hours a day, 365 days a year. We are shaping the energy transition for a sustainable energy future. As the first cross-border transmission system operator, we plan, build and operate an almost 24,500 kilometres long high and extra-high voltage grid in the Netherlands and Germany and are one of the largest investors in national and international electricity grids, on land and at sea. Every day, our 6,600 employees give their best and ensure with responsibility, courage and networking that more than 42 million end consumers can rely on a stable electricity supply.

TenneT is an equal opportunity employer for ALL and is fully committed to the principles of equal employment opportunity to ensure that all applicants and employees are considered for recruitment, promotion and employment regardless of their ethnic origin, skin colour, religion or belief, gender, national origin, age, disability, sexual identity, marital/family status.

**Lighting the way ahead together**
