

Senior Functional Business Analyst SAP CO (m/f/d)

The Financial Control department named 'Business Guidance' supports Tennet leaders with decision making by providing advice for strategic, operational and financial planning and forecasting. A specific program is launched to make high quality, trusted data assets available to enable Business Guidance to steer with a set of data, tools, analytics and processes. The program is driven by a Data, Analytics and Process Excellence (DAP) team, promoting a data-driven culture, accelerate digital transformation and establish mechanisms for continuous improvement and innovation.

For the DAP team, we are looking for a **Senior Functional Business Analyst SAP CO (m/f/d)** and that might be you?

Your contribution to Tennet

- **Serve** as the Business Guidance stakeholder for SAP CO within Tennet's IT organization and its suppliers
- **Support** business improvement initiatives
- **Assist** end-users with SAP inquiries, issues, and training
- **Guide** the IT department in resolving SAP incidents and manage authorizations
- **Maintain** and safeguard SAP master data setup and interfaces to other systems
- **Supervise** SAP usage for data quality, maintain documentation, and facilitate change processes, including requirements, testing, documentation updates, communication, and training. Additionally, advise on future SAP developments, project reporting, and collaborate with Senior Key Users in Business Guidance across locations

Your profile and background

- You have a **bachelor degree** in Business Administration, Accounting & Controlling or Technology Management or similar
- You have proven knowledge and **experience with SAP FICO**. Knowledge in SAP CO, BW/4HANA, and SAP's reporting solutions would be a plus
- You have **experience as Key User** or **IT Consultant for SAP FICO**, or you have experience as a **Business or Project Controller**, working with SAP, with an ambition and drive to grow towards a Key User role
- You have strong **analytical skills**, **work in a structured way**, and enjoy solving complicated issues
- You want to take **responsibility** over your domain in SAP, and are **proactive** to keep your domain running
- You are **result-oriented** with a **critical mindset** towards processes, and quality; experience or interest in the **energy industry** is beneficial. Fluent in **German and proficient in English** at a business level.
