

## Strategic Project Buyer 2GW

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition. We are looking for a passionate **Strategic Project Buyer 2GW** at our location Arnhem who will contribute to this and that might be you?

### Your contribution to TenneT

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition. TenneT has committed to a 2GW program to realize at least 14 2GW HVDC Grid Connection Systems that bring the power from the offshore wind farms in the North sea into the Dutch and German electricity grid in the period up to 2031.

We are looking for a passionate Strategic Buyer at our location Arnhem who will contribute to this and that might be you?

#### Your contribution to TenneT

You will work in the SCM (Supply Chain Management) unit for the team that supports Large Project Offshore (LPO). LPO is responsible for the offshore grid connection projects and you will be responsible for procurement related activities buyer within a 2GW Portfolio. Your workplace is in Arnhem. Working from home is also partly possible in alignment with the Lead of the SCM-DC-LPO team. (You will be part of a cross border-team and in regular contact with the German team members. Business trips to Hannover and Bayreuth will be part of the job.)

- You will be responsible to conduct sourcing activities within the 2GW offshore program
- Your core tasks includes to manages price & index elements for all projects with one 2GW partner / consortium in portfolio and project contracts
- One part of your job is to execute supplier performance management for one partner / consortium and to manage the sub-supplier governance
- You will proactively develop & maintain strong relationship with one partner / consortium on continuous basis
- You will support your colleagues to develop best practices and setup standardized processes
- Defining of standardized processes and setups (call-Off process)
- You conduct active stakeholder management; you have insight into the influence, wishes, motives and intentions of colleagues and suppliers of strategic importance to LPO and build and maintain relationships in such a way that the interests of the projects are served in a proper manner

Lucas Hauschild

lucas.hauschild@tennet.eu

Due to ambitious governmental plans the (offshore) project portfolio of TenneT is growing and therefore we do need to increase internal personnel capacity. You will work in close cooperation with the LPO-department and be part of the Project Team for 2GW, which is why interactive communication is essential for success. Especially as we operate in a volatile market. Flexibility, cooperation and strategic thinking are crucial to the function.

- You have a (HBO/University) degree preferably in economics or business administration or in a comparable field of study;
- Extensive, practical experience in all procurement activities (incl. EU Tender law);
- You work result and customer oriented, and analytically, you have the power of persuasion and form personal judgements;
- You show initiative, are open-minded with regard to new topics and enjoy working in a team;
- You have subject-matter expertise of procurement packages in the field of engineering, environmental management, contract forms and innovation

## **This will be our challenge**

Supply Chain Management supports TenneT's activities by determining which goods and services are required to realize projects and maintenance work. We also structure and cover these needs. We serve TenneT's internal customers and ensures better cooperation with our external suppliers.

TenneT is a leading European grid operator. We are committed to providing a secure and reliable supply of electricity 24 hours a day, 365 days a year, while helping to drive the energy transition in our pursuit of a brighter energy future – more sustainable, reliable and affordable than ever before. In our role as the first cross-border Transmission System Operator (TSO) we design, build, maintain and operate over 25,000 kilometres of high-voltage electricity grid in the Netherlands and large parts of Germany, and facilitate the European energy market through our 17 interconnectors to neighbouring countries. We are one of the largest investors in national and international onshore and offshore electricity grids, with a turnover of EUR 9.2 billion and a total asset value of EUR 45 billion. Every day our 8,300 employees take ownership, show courage and make and maintain connections to ensure that the supply and demand of electricity is balanced for over 43 million people.

TenneT is an equal opportunity employer for ALL and is fully committed to the principles of equal employment opportunity to ensure that all applicants and employees are considered for recruitment, promotion and employment regardless of their ethnic origin, skin colour, religion or belief, gender, national origin, age, disability, sexual identity, marital/family status.
