causes to ensure minimal disruption to business operations.

Your profile and background

What we are looking for:

- Experience: a minimum of 10 years of experience in SAP architecture and implementation, with a focus on modules such as SAP PS, SAP CO and SAP SAC and SAP's reporting solutions.
- Technical Expertise: In-depth knowledge of SAP architecture, integration, and best practices. Experience with S/4HANA is highly desirable.
- Problem-Solving: Exceptional analytical skills and bring in expert knowledge to resolve complex SAP issues quickly and effectively.
- Communication: Strong interpersonal and communication skills, with the ability to articulate technical concepts to non-technical stakeholders.
- The Senior Business Information Strategist hierarchically reports to the Lead DAP Team within Business Guidance.

Your profile and background

- Bachelor's degree in Computer Science, Business Administration, Accounting & Controlling, Information Technology or a related field. SAP certification is a plus.
- You have strong analytical skills, work in a structured way, and enjoy solving complicated issues.
- You want to take responsibility over your domain in SAP, and are proactive to keep your domain running.
- You are result oriented with a critical attitude with respect to the results, process and quality.
- Experience and interest in the energy industry is seen as a plus.
- You speak Dutch fluently and English on a business level proficiency.

This will be our challenge

Business Guidance provides advice for strategic, operational and financial planning and forecasting. We monitor, analyse and improve performance. Business Guidance safeguards TenneT's financial health by ensuring transparency, setting (financial) targets and reporting on the achievement of those targets.

AI and more about TenneT

Since we use AI as part of our recruiting process, we would like to create transparency and clarity at this point. The AI serves exclusively as a supporting and recommending tool to make our processes even faster and more efficient. At no time are automated decisions made.

TenneT is a leading European grid operator. We are committed to providing a secure and reliable supply of electricity 24 hours a day, 365 days a year, while helping to drive the energy transition in our pursuit of a brighter energy future – more sustainable, reliable and affordable than ever before. In our role as the first cross-border Transmission System Operator (TSO) we design, build, maintain and operate over 25,000 kilometres of high-voltage electricity grid in the Netherlands and large parts of Germany, and facilitate the European energy market through our 17 interconnectors to neighbouring countries. We are one of the largest investors in national and international onshore and offshore electricity grids, with a turnover of EUR 9.2 billion and a total asset value of EUR 45 billion. Every day our 8,300 employees take ownership, show courage and make and maintain connections to ensure that the supply and demand of electricity is balanced for over 43 million people.
