

Senior Scheduler / Strategic Planner

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition. We are looking for a passionate Senior Scheduler / Strategic Planner at our location in Arnhem who will contribute to this and that might be you?

Your contribution to TenneT

In this important role as a Senior Scheduler / Planner, you are responsible for the timely management of the offshore portfolios for the 2GW program.

- You develop and maintain strategic scenarios and project plans for initiatives in their early phases, work out scenarios and countermeasures, monitor their effectiveness, and prepare strategic and operational decisions.
- For the 2GW Program Reporting, you create program-related reports and key figures, as well as analyze target forecasts versus actual comparisons, and coordinate countermeasures in case of schedule deviations.
- You coordinate the schedulers of individual projects in the offshore sector.
- Together with the schedulers and cross-company stakeholders, you develop standards for scheduling and prepare contract documents.
- You assist with contractual issues and claims, as well as in the preparation and defense of international contracts.

Your profile and background

- You have a successfully completed degree in Industrial Engineering, Civil Engineering, Mechanical Engineering, or a comparable qualification.
- You have at least 6 years of project experience and solid knowledge in project management of large or infrastructure projects.
- You possess fluent English language skills, and fluent in Dutch.
- Your proficiency in Primavera 6 and MS Office, as well as your willingness to travel, are given.
- You are characterized by a strong awareness of quality, cost, and deadlines, and your working style is marked by your diplomatic skill, high level of responsibility, and analytical, technical, and economic thinking ability.

This will be our challenge

Large Projects Offshore is a key contributor to the energy transition. The Unit is responsible for the current and future development of the offshore grid as a whole and subsequently for the development and realization of the DC interconnectors and the Offshore Wind Farm grid connections in both the German and Dutch sectors of the North Sea.

Lead Delivery & Development - Hiring Manager

TenneT is a leading European grid operator. We are committed to providing a secure and reliable supply of electricity 24 hours a day, 365 days a year, while helping to drive the energy transition in our pursuit of a brighter energy future – more sustainable, reliable and affordable than ever before. In our role as the first cross-border Transmission System Operator (TSO) we design, build, maintain and operate over 25,000 kilometres of high-voltage electricity grid in the Netherlands and large parts of Germany, and facilitate the European energy market through our 17 interconnectors to neighbouring countries. We are one of the largest investors in national and international onshore and offshore electricity grids, with a turnover of EUR 9.2 billion and a total asset value of EUR 45 billion. Every day our 8,300 employees take ownership, show courage and make and maintain connections to ensure that the supply and demand of electricity is balanced for over 43 million people.

TenneT is an equal opportunity employer for ALL and is fully committed to the principles of equal employment opportunity to ensure that all applicants and employees are considered for recruitment, promotion and employment regardless of their ethnic origin, skin colour, religion or belief, gender, national origin, age, disability, sexual identity, marital/family status.

Lighting the way ahead together
