

Strategic Project Buyer

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition. We are looking for a passionate **Strategic Project Buyer** at our location **Arnhem** who will contribute to this and that might be you?

Your contribution to TenneT

- You will work in the Supply Chain Management Team in the area of Grid Field Operations Offshore.
- Your core tasks include purchasing activities (a.o. developing sourcing strategies and develop the supplier market) in the area of operation and maintenance of offshore grid connection systems incl. execution of EU- tendering procedures.
- You maintain your market knowledge and identify developments and trends both internally and externally;
- You conduct active stakeholder management; you have insight into the influence, wishes, motives and intentions of colleagues and suppliers of strategic importance to GFO-O and build and maintain relationships in such a way that the interests of the projects are served as well as possible;
- You proactively manage the contract together with the business; You ensure that agreements made are laid down in (framework) contracts and, together with all relevant colleagues, implement and maintain the agreements;

Your profile and background

- You have a (HBO/University) degree preferably in economics or business administration or in a comparable field of study;
- Extensive, practical experience in all procurement activities (especially EU Tender law);
- You work result and customer oriented, and analytically, you have the power of persuasion and form personal judgements;
- You show initiative, are open-minded with regard to new topics and enjoy working in a team;
- Well-developed communications skills in an internal environment with excellent skills in both Dutch and English.

This will be our challenge

Supply Chain Management supports TenneT's activities by determining which goods and services are required to realize projects and maintenance work. We also structure and cover these needs. We serve TenneT's internal customers and ensures better cooperation with our external suppliers.

TenneT is a leading European grid operator. We are committed to providing a secure and reliable supply of electricity 24 hours a day, 365 days a year, while helping to drive the energy transition in our pursuit of a brighter energy future – more sustainable, reliable and affordable than ever before. In our role as the first cross-border Transmission System Operator (TSO) we design, build, maintain and operate over 25,000 kilometres of high-voltage electricity grid in the Netherlands and large parts of Germany, and facilitate the European energy market through our 17 interconnectors to neighbouring countries. We are one of the largest investors in national and international onshore and offshore electricity grids, with a turnover of EUR 9.2 billion and a total asset value of EUR 45 billion. Every day our 8,300 employees take ownership, show courage and make and maintain connections to ensure that the supply and demand of electricity is balanced for over 43 million people.

TenneT is an equal opportunity employer for ALL and is fully committed to the principles of equal employment opportunity to ensure that all applicants and employees are considered for recruitment, promotion and employment regardless of their ethnic origin, skin colour, religion or belief, gender, national origin, age, disability, sexual identity, marital/family status.

Lighting the way ahead together
