

## Business Portfolio Advisor

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition. We are looking for a passionate **Business Portfolio Advisor** at our location in **Arnhem** who will contribute to this and that might be you?

### Your contribution to TenneT

Energy System Planning is a future-oriented unit, optimized to react to fast-changing external conditions. We develop a vision for a climate-neutral energy system of the future and how our onshore/offshore electricity system can adapt to these challenges in the smartest way.

#### In this challenging role you're responsible for:

- Lead the further development, optimization and standardization of the improvement on the portfolio management process (PMP) at TenneT;
- Develop a Performance Management Culture working together with different areas at TenneT;
- Ensure quality assurance and data analysis of the portfolio improvement to initiate improvement initiatives and enable company wide steering;
- In the Future Design Committee develop objectives and key results (OKR's) for the design chain;
- Develop and provide business unit reports and key figures to support decision-making, regarding financials, developments, objectives and KPI's;
- **Support the Director of the Unit to prepare Performance Dialogues and yearly planning of the unit;**
- Prepare and follow up on quarterly portfolio management process events together with the PMO;
- Drive the necessary change that is required to successfully steer a portfolio together with the PMO;
- Support the (Associate) Director as advisor of the Future Design Committee and support on the preparation of the Asset Committee (both decision making bodies).

### Your profile and background

- An university degree in an economic/technical field or a comparable qualification;
- You bring knowledge of portfolio management of projects and ideally have implemented this already;
- Change Management is a field you gained multiple years of experience in;
- With your strong intrinsic motivation, proactive approach, and ability to network with other departments you make the change a success;
- Excellent organizational skills and a structured way of working is a enabling for this position;
- Very good Dutch and English skills complete your profile.

### Additional information

- The weekly working time is 40 hours;
- The position is indefinite;
- Job interviews for this position will be (partly) in English. Please send us your application document in English as well.

### Our offer

We are family friendly and flexible

Health - your basis

Modern working environment

Attractive remuneration and social benefits

Personal development

### Our recruiting process

## AI and more about TenneT

Since we use AI as part of our recruiting process, we would like to create transparency and clarity at this point. The AI serves exclusively as a supporting and recommending tool to make our processes even faster and more efficient. At no time are automated decisions made.

---

TenneT is a leading European grid operator. We are committed to providing a secure and reliable supply of electricity 24 hours a day, 365 days a year, while helping to drive the energy transition in our pursuit of a brighter energy future – more sustainable, reliable and affordable than ever before. In our role as the first cross-border Transmission System Operator (TSO) we design, build, maintain and operate over 25,000 kilometres of high-voltage electricity grid in the Netherlands and large parts of Germany, and facilitate the European energy market through our 17 interconnectors to neighbouring countries. We are one of the largest investors in national and international onshore and offshore electricity grids, with a turnover of EUR 9.2 billion and a total asset value of EUR 45 billion. Every day our 8,300 employees take ownership, show courage and make and maintain connections to ensure that the supply and demand of electricity is balanced for over 43 million people.
