

Operational Customs Employee - IJmuiden

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition.

We are looking for a passionate Operations Customs Employee at our location/s Arnhem who will contribute to this and that might be you?

Your contribution to TenneT

- In this role, you will be responsible for operationally ensuring timely and legally compliant import and export declarations, including preparing, processing, documenting and monitoring all goods movements (import and export) to and from our offshore platforms in the North Sea
- You are the operational contact person for customs clearance in the company and communicate confidently in Dutch and English
- In addition, you will be responsible for coordinating with internal employees, suppliers, and service providers to ensure the necessary documentation for legally compliant customs clearance
- You are responsible for the timely submission of customs declarations through third-party service providers

Your profile and background

- You have completed training as a freight forwarder, customs declarant with a focus on import/export and/or coordinator customs and trade compliance or a similar qualification with corresponding specialist training in the field of customs or import/export
- You have solid professional experience in the field of import/export, customs clearance and up-to-date expertise in customs law
- Affinity with VAT is a plus
- Confident handling of common MS Office applications, ideally also with SAP and customs clearance systems
- You work independently, in a structured way and are characterized by your proactive way of working, you are also a reliable team player and you have convincing cooperation and communication skills
- Health and safety at work is particularly

Financial Governance Services delivers up to standard accounting, administration and governance services. By doing so we maintain an up to date set of financial and non-financial data fit for reporting needs of TenneT. We maintain the financial heart of TenneT by effective and efficient data collection and transaction processing.

AI and more about TenneT

Since we use AI as part of our recruiting process, we would like to create transparency and clarity at this point. The AI serves exclusively as a supporting and recommending tool to make our processes even faster and more efficient. At no time are automated decisions made.

TenneT is a leading European grid operator. We are committed to providing a secure and reliable supply of electricity 24 hours a day, 365 days a year, while helping to drive the energy transition in our pursuit of a brighter energy future – more sustainable, reliable and affordable than ever before. In our role as the first cross-border Transmission System Operator (TSO) we design, build, maintain and operate over 25,000 kilometres of high-voltage electricity grid in the Netherlands and large parts of Germany, and facilitate the European energy market through our 17 interconnectors to neighbouring countries. We are one of the largest investors in national and international onshore and offshore electricity grids, with a turnover of EUR 9.2 billion and a total asset value of EUR 45 billion. Every day our 8,300 employees take ownership, show courage and make and maintain connections to ensure that the supply and demand of electricity is balanced for over 43 million people.

Lighting the way ahead together
