

## Finance Project Lead

TenneT is growing fast to realize its strategic ambitions. We play a leading role in driving the energy transition. We are looking for a passionate Finance Project Lead at our location Arnhem who will contribute to this and that might be you?

### Your contribution to TenneT

- Within the PHE portfolio, manage the projects in execution with their applicable business counterpart as a team:
- Responsible for the call-off of new projects in the PHE portfolio.
- Jointly responsible for the results and decisions within (part of) the project, reporting to the PSG and relevant external decision-making bodies. Step in for business counterpart, when he/she is not available.
- Responsible for balanced decision making together with applicable business counterpart, considering project interest as well as the interests of TenneT as a whole. Ensure all relevant decisions are being made with a true and fair view on the results and risks.
- Self-reliant in achieving project goals within the boundaries of the project mandate (budget, time plan, milestones) and TenneT's processes and guidelines.
- Develop a control mechanism for the cost+ items.
- Timely creation of professional decision proposals and exception reports for PSG and EB/SB (PBA, IBA, BRA).
- Divide project into sub-projects and work packages. Provide detailed budgeting, and creation of sub-budgets.
- Coordinate all contract partners and supporting departments involved in the project.
- Ensure compliance with laws and company guidelines/policies (e.g. Code of Conduct, Power of Attorney, Corp. Inv. Manual).
- Participate in contract negotiations, during call-off of projects in the PHE portfolio
- Deciding on the time/scope of Operational Readiness Reports (incl. Gate 5 report).
- Ensuring completeness of project documentation in accordance with the internal and regulatory requirements. Ensure readiness for regulatory audits at any point in time.

### Your profile and background

- At least 5 years of experience in financial controlling, accounting and/or finance management.
- Professional experience of at least 3 years in large construction projects, ideally infrastructure projects.
- Profound skills in contract- claims- and risk management as well as experience in tender and negotiation situations
- Professional experience and know-how in project controlling and project management including proficient knowledge of IFRS, SAP.
- Education: RA/RC, Master of Science, Controlling and

## This will be our challenge

Business Guidance provides advice for strategic, operational and financial planning and forecasting. We monitor, analyse and improve performance. Business Guidance safeguards TenneT's financial health by ensuring transparency, setting (financial) targets and reporting on the achievement of those targets.

## AI and more about TenneT

Since we use AI as part of our recruiting process, we would like to create transparency and clarity at this point. The AI serves exclusively as a supporting and recommending tool to make our processes even faster and more efficient. At no time are automated decisions made.

---

TenneT is a leading European grid operator. We are committed to providing a secure and reliable supply of electricity 24 hours a day, 365 days a year, while helping to drive the energy transition in our pursuit of a brighter energy future – more sustainable, reliable and affordable than ever before. In our role as the first cross-border Transmission System Operator (TSO) we design, build, maintain and operate over 25,000 kilometres of high-voltage electricity grid in the Netherlands and large parts of Germany, and facilitate the European energy market through our 17 interconnectors to neighbouring countries. We are one of the largest investors in national and international onshore and offshore electricity grids, with a turnover of EUR 9.2 billion and a total asset value of EUR 45 billion. Every day our 8,300 employees take ownership, show courage and make and maintain connections to ensure that the supply and demand of electricity is balanced for over 43 million people.
